Just right for business.

Export Compliance Training Webinar

This will be a strong hands-on training program and is ideal for exporters of all experience levels. We will discuss many different topics from licensing, and documentation to HTS classification and common errors with EEI filings. Upon completion of this program, you will be aware of export security requirements for all exporters. You will have an 11 point checklist to guide you to full compliance on every export. You will become aware of the required 8 lists that must be checked on all exports, and understand what common red flags mean to you. We will review the 5 questions that you are required to know about your customer in every export transaction and discuss strategies on how to implement these into your organization. You will better understand regulations, specific tools and instructions on how to begin building a secure and compliant export department.

Who should attend: Traffic managers, purchasing managers, shipping/receiving personnel, compliance officers, sales managers, customer service managers and anyone involved or concerned with international shipments.

This webinar will take place on **Thursday, April 21, 2022 from 10:00 am to Noon.**

The South Carolina Department of Commerce is providing manufacturers in the state with **complimentary registration**. Strict limit of two employees per company may register. Space is very limited. Please register by Friday April 15, 2022. A link to the webinar will be provided after registration.
